

Help every student learn how they learn best

Provide every student with individualized support and an equitable learning experience with easy-to-use, built-in accessibility tools.

1 in 10 children worldwide are living with a disability.

Source: UNICEF, 2021

Create a more inclusive learning environment for those with **physical** and **cognitive** disabilities with tools that are:

Securely built into Chromebooks and Google Workspace for Education

Easy to discover, set, and use for all ages

Cloud-based and only need to be set once

I remember one of my former students who struggled with a learning disability stated how the Chromebook allowed him to feel like every other student.”

District EdTech Coordinator,
K-12, North America

Explore the [Google for Education App Hub](#) for even more tools that make learning more inclusive.

Equatio

Snap&Read

Co:Writer

Read&Write

Motor and dexterity

Enable users with limited hand dexterity to point, click, and control their computers using facial movements with **Face control**. Go keyboardless and use **voice typing** to enter, edit, and format text in Google Docs and Slides.

Cognitive and spoken feedback

Help students focus with **Google Meet pinning**, which allows them to view just the teacher and hide other participants.

Display and vision

Make reading easier with **reading mode** to summarize information and highlight specific lines. Hear more than 100 of Google's high-quality natural voices across 29 languages with **read aloud**. Reduce eye strain and increase focus with **Dark Mode** on the Google Classroom app.

Audio and captions

Turn on **captions** in Google Meet to view subtitles in real time. Break down language barriers by instantly displaying AI-translated captions with **Live Translate** on any app or browser on Chromebook Plus.

Reading comprehension

Make billions of PDFs accessible to screen readers with built-in **PDF optical character recognition (OCR)**.
