

## Google Workspace for Education

# Windows 10 Management Checklist

Google Workspace for Education paid editions ([Education Standard](#), [Teaching and Learning Upgrade](#), and [Education Plus](#)) help you create an innovative learning environment with enterprise-grade tools that are customized for education. Here we'll provide guidance on actions you can take to deploy, secure, and manage Windows 10 devices.

### Exploring Google Workspace for Education for the first time?

Connect with an expert and learn more [here](#).

We recommend that Google Workspace administrators take some basic steps to setup and secure Windows 10 devices, including:

- Review [the requirements](#) for Windows 10 device management
- Watch the video: [How do I manage Windows 10 devices?](#)
- Set up [GCPW and Windows device management](#) together
- [Enroll a device](#) in Windows device management
- [Add organization-owned devices](#) to the inventory
- [Apply Windows settings](#)
- View [device details](#)
- See activity with the [devices audit log](#)
