* When selecting a service tier and particularly when choosing a free tier, please be sure to check whether your business needs can be met within the conditions, limitations and caps applying to the tier in order to avoid disruption and discontinuity to measurement

Disclaimer: Subject to change at any time; CMPs should be contacted directly for the latest information on their services.

Consent Banner and Consent Mode implementation steps

Self serve available

Get started in 3 easy steps

1. Sign up at <https://termly.io>
2. Scan your site for cookies and vendors
3. Embed your Termly script manually or via GTM template

All you need is the ability to add a code snippet into the header of your site, or the ability to add new tags to your GTM account.

[At this link](#) you can find our latest article that describes how to set up Consent Mode with Termly

Users typically take 1-2 hours to get Termly installed and Consent Mode enabled

<https://termly.io>
